Profile

I am a dedicated and enthusiastic Unity Game Developer with a passion for creating exciting gaming experiences in both 2D and 3D realms. With a solid foundation in game development principles and a hunger for learning, I am eager to contribute my skills and creativity to the world of game development.

Current Project

Wedding Run   **Nov 2023 - Present**
A 3D Running Game having 7 scenes with 28 levels. Animation, C# Scripting, UI implemented, controller for each level designed. Each scene having its own Events script with cinebrain camera setup, ontrigger events handling. Particle system used for different fireworks and smoke effects and many more.

Employment

Game Developer   **2023 - Present**
Webbuggs, Lahore
